

Report on E-Summit 2019

The Entrepreneurship Cell, Aryabhata college held its Annual Two-day Entrepreneurship Summit on 3rd and 4th April 2019. The Summit witnessed interactive expert sessions with stalwarts from the industry, followed by workshops and Business Plan competition.

The event began with an open platform session by Mr Vivek Kapoor, Founder, Dineout followed by an interactive session with Mr Aditya Arora, CEO, FAAD Networks. The students learned what it takes to be a successful entrepreneur with an inspiring talk by Mr Raman Bhatia, Managing Director Servotech Power Systems Limited. The speaker session concluded with an enlightening focussed session with Mr Saurabh Jain, Vice President, Paytm.

A stimulating workshop was planned after the speaker session on 'Start up Pathways' to illuminate the entrepreneurial path of the budding entrepreneurs, followed by an invigorating Global Business challenge competition.

The second day of the event began with inspiring words of wisdom from Dr Manoj Sinha, Principal Aryabhata College followed by an enlightening session with Mr Kumar Sharadindu, Managing Director & CEO, SBI Pension Funds.

Numerous teams of various universities participated in the Business-Plan competition organized on Day-2, where the teams got a chance to pitch their potential ideas in front of the jury members. The winner was rewarded with a cash prize and certificate.

The E-Cell launched its official website, Mobile App and the first startup during the E-Summit.

The event concluded with contended students who took along mantras for being successful on their entrepreneurial venture. The event would not have been possible without immense motivation and support received from Dr Manoj Sinha, Principal, Aryabhata college and Dr Monica Aggarwal, (Convener, E-Cell) Dr Shivani Raheja and Dr Ruchi Sharma (Co-Conveners, E-Cell). The Entrepreneurship Cell team touched the skies to make it an excellent learning experience for over 2000 attendees under the able leadership of Ashwini Payak and Kashish Hashim, (President and Vice-president, E- Cell).
