5. Student to Student Mentorship Programme

It is a student run body which acts as a link between all the 3 batches. It works on 1-1-1 model, where a student of each batch (Say, 1st year) is paired with students of the other two batches (2nd and 3rd year). It works to ensure healthy bonding between juniors and seniors and is a mechanism where 3 unique identities interact with each other and get to learn new things.

Activities undertaken:

- Mentorship sessions with first year students for providing guidance on GE paper selection, study materials, bus pass, laptop issuance form, short term courses, etc.
- Group discussions every month on contemporary issues
- Mentorship regarding coping up with academics, co-curricular activities, internships, and overall covering all facets of student life in college.

Glimpses from the mentoring sessions conducted
