Teachers' Feedback 2022-23

An educational institution that aspires for excellence stands strong on the pillars of updated infrastructure, good administration, an academically conducive environment that provides opportunities for personal & professional growth as well as organizational culture consisting of habits and behaviours of its employees towards each other. From the year 2015-16, the college initiated the process of collecting feedback from teachers regarding academic satisfaction and their inputs about college infrastructure which would help the college to improve its facilities for the future. The college earlier existed as Ram Lal Anand College (Evening) and turned into a morning college as Aryabhatta College in the academic session 2015-16. The college decided in 2016-17 to collect feedback from both teachers and students. It was decided to collect feedback from teachers by requesting them to fill out a form which would reflect their opinion about the academic environment, infrastructure in the college. In the year 2022-23, there were 76 responses recorded out of which 4 were Professors, 13 teachers were Associate Professors and the rest 59 were Assistant Professors. Some of the basic observations that were recorded from the questionnaire are presented in the forms of graphs below:

SUGGESTIONS SUMMARY

- Everything is fine, college is trying to be better every single day.
- Library and its staff require huge improvement...i don't visit library because of the staff attitude and they also misbehave with students. A strict and determined action must be taken for effective management of library.
- Canteen staff should be appropriately dress, may be in a uniform, at least the ones who visit Staffroom.
- IA moderation should be done collectively by the Department, not individually.
- The college should conduct faculty empowerment programs at regular intervals to update faculty members with latest changes in teaching pedagogy system and other issues specific to their respective subjects.
- Library needs a reform and staff needs to change their attitude.
- Transparency is needed in the working of principal.
- There is a need to further upgrade our research initiatives and infrastructure.
- More space, both physical and virtual space) for study and research is very much needed both for Students and faculty members. Wi-Fi system needs to improve in terms of availability of signal. If college provides a list of general responsibilities of all the stack holder at the beginning of each Academic session will go a long way.
