

WEBINAR ON

# Future of Management Education Post COVID-19

***“E-Learning doesn't just “happen”! It requires careful planning and implementation.”***

**Sankalp – The Department of Management Studies of Aryabhata College, University of Delhi, proudly hosted *Prof. Himanshu Rai (Director-IIM Indore)* in a 1hour webinar, organized on 15<sup>th</sup> May, 2020. Webinar was on a much discussed topic nowadays, i.e. ‘Future of Management Education Post Covid-19’.**

Webinar saw an overwhelming response as **250+ participants** attended the session. Session not only witnessed participation from the college students but faculty members of many other education institutes across India like Madhya Pradesh, Orissa, Pune and Hyderabad etc. Objective of the webinar was highly applauded by all, as the topic revolved around the education sector that is witnessing new trends and change due to current global pandemic.

Welcome note by Department's Teacher-in-Charge **Dr. J.K. Singh** and Honorable Principal **Dr. Manoj Sinha**, marked the beginning of the webinar. **Mr. Sanket Shekhar** being the webinar moderator started the speaker wherein he also thanked all the participants for joining in the webinar.

Prof. Himanshu Rai, after being introduced started binding the audience by introducing management, as a vast area of knowledge not just confined to business but also takes into account every aspect of our daily life then be it innovation or philosophy. Examples by the speaker during the webinar were cheered by the participants using the group chat box. Once the brief introduction got over our moderator began with the interactive round.

### **Key Highlights**

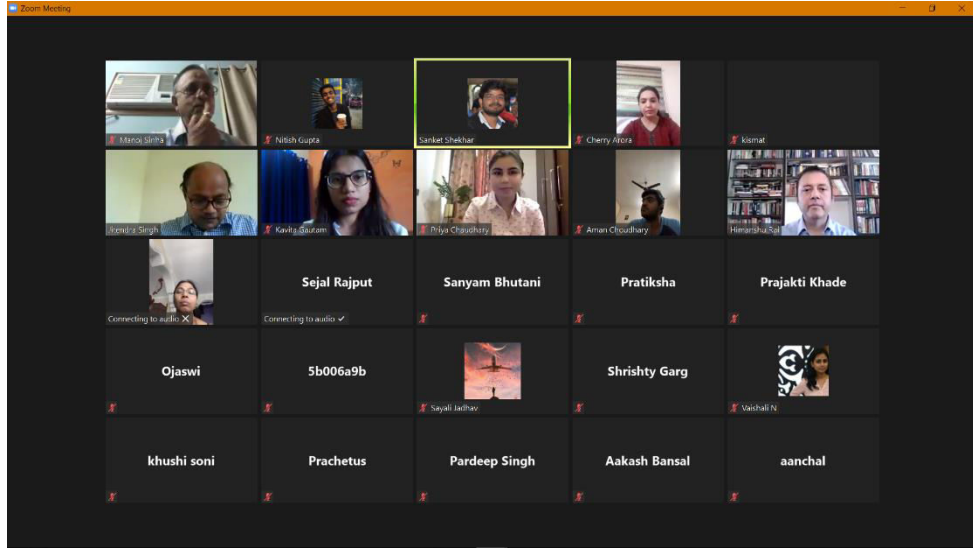

- Role of 5E Instruction Model in an educator's life.
- Increasing role of simulation games rather than group projects in this time of lockdown to understand the concepts.
- Educational institutes must now form digital strategies other than just forming offline mode strategies.
- Post pandemic education will be there only the mode of teaching will change drastically.

Prof. Rai not only kept the discussion confined to management but also added the importance of one's philosophical mind. He very well gave the definition of '**Guru**' – "**Guru is not the one that answers your doubt but instead helps you to find the answer by yourself**". With this definition he gave a message for students.

### **Message for Students**

- Focus on your goal
- Update your skills
- Keep yourself physically and mentally fit and
- Learn what excites you.

On this speaker his talk and with the session. was appreciated participants reflected in
