

Group Discussion Report

Mentoring Program: Week 3, Day 1

Faculty Coordinator: Dr Shivani Raheja

Student coordinators: Mr. Rajat Saini, Ms. Ankita

The third round of mentorship program , Group discussion on “**Can India Become A \$5 trillion economy by 2024**” was conducted on Wednesday, 4th September 2019 with the motive of enhancing clarity about current status of economy along with idea of framing opinions while public speaking.

The main points that emerged during the discussion include “**Inflation rate, concerns regarding FDI, challenges of bank mergers, dangling investor confidence & rupee – dollar exchange rate**”.

Not many students were able to contribute towards the discussion, but the points discussed by few of the aware participants were sufficient to sustain the interest of the silent spectators. This discussion was a serious attempt to enhance awareness of our students towards current economic position of India and where we are heading in the near future.
