Team E-cell organised a formal orientation for the new batch of 2020-21 on, November 27 2020 at 6:00 PM on Google Meet.

- The orientation began at 6 pm with 80+ attendees in the meeting. The orientation was also live-streamed on Youtube.
- Welcomed the freshers on behalf of College, the convenors and team E-cell and then continued with the presentation.
- E-Cell was explained in detail to the students with information about the departments, opportunities and learnings within E-cell. The students were also informed about the flagship events and the different responsibilities and tasks that go into each event.
- A Q&A session was then conducted where numerous students asked questions and these were answered in an orderly manner.
- A surprise was also organised for the students. A tour video of our college campus was shot by Team E-Cell, as the freshers and existing students haven't been to the campus due to the ongoing pandemic. The video received huge appreciation from the audience members.
