The Seminar Committee of the Department of Business Economics, Aryabhatta College conducted a Workshop on the topic "Career Development and Skill Enhancement" on 8th Jan, 2022 at 11:30 am.

The speaker for the webinar was Mr. Rupak Saxena, BBE Alumni (Batch 2014-17). He is currently working as a Risk Analyst in HSBC. The session was initiated by our Principal Prof. Manoj Sinha who welcomed our guest and appreciated the organizing team for their efforts.

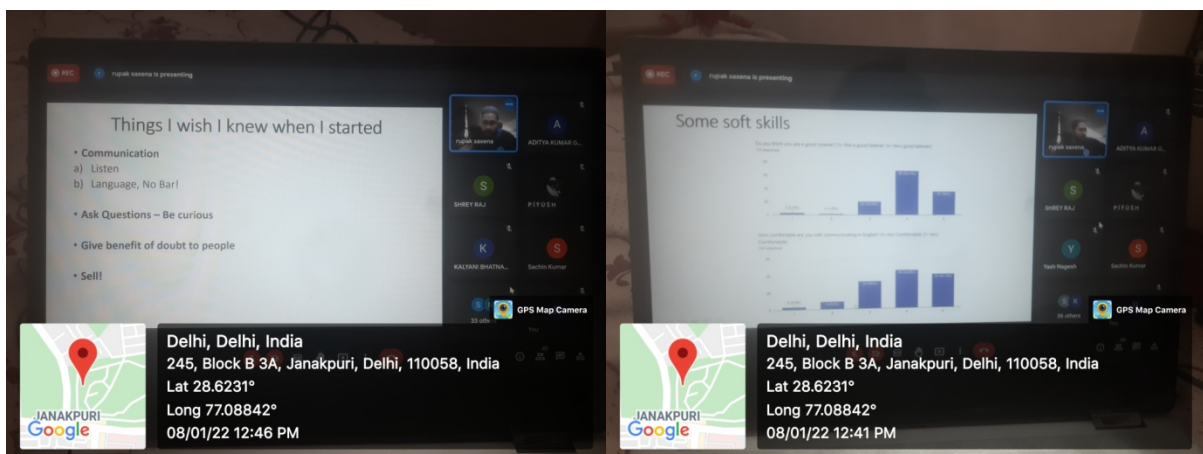

The session was very insightful and included everything one needs to know about skill development and requisites to achieve some specific career goals. The speaker had shared a questionnaire with the participants prior to the webinar and proceeded alongside the responses received. He prepared a chart with a step by step procedure of how one can get a job or internship using LinkedIn. Being a former student of the College, he shared his own experiences and the problems he faced while he was still struggling to achieve his dream career. The session was interesting as the students were very enthusiastic about the topic and were able to gain some practical knowledge from the speaker's experience. Students asked questions about what is needed to achieve their professional goals while the speaker patiently answered each one

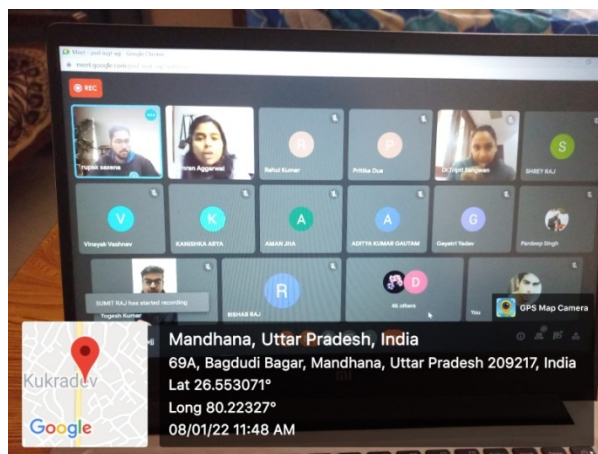

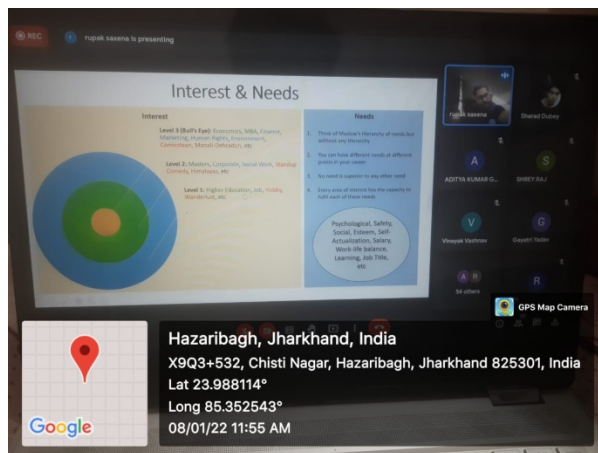

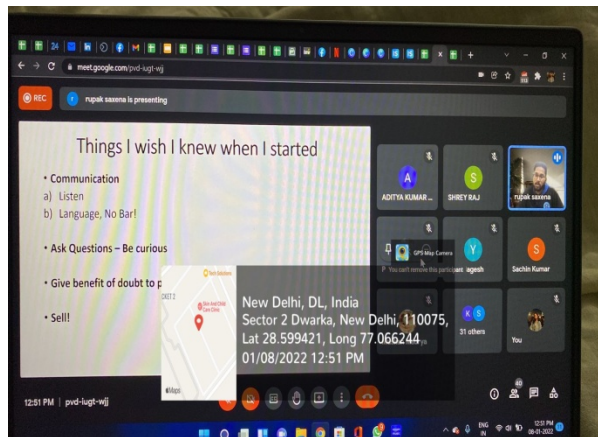

of them and gave the best solution possible.

It was indeed an engaging session and helped us understand the how skills play an important role in our professional lives.
