LISTEN UP LESSONS (25TH JULY 2022)

The startup club in order to inculcate the culture of startups among students organized an event Listen up Lessons. Three prestige guest speakers, very successful in their respective fields - Priyanka Madnani, Daksh Sethi and Vedant Kaushik all shared their inspiring journeys. The seminar was followed by unfiltered interview where students got to know the inside story behind their successful faces.

MISSION CAT 2022 (16TH SEPTEMBER 2022)

The Startup Club, organized a seminar Mission Cat, an offline event especially for CAT aspirants to provide a foolproof plan and a perfect roadmap for their MBA journeys. In this seminar Mr. Navneet Anand from career launcher helped students on how they can get adequate resources and cleared any doubts they had regarding same. This seminar provided a tremendous opportunity for students to interact with industries sharpest minds.

THE STARTUP FEST (9TH - 10TH NOVEMBER 2022)

Swavalamban The Startup Club organized their annual flagship event The Startup Fest' 22, a two-day multi-dimensional event which had it all from speaker sessions, competitions, seminars, workshops, internship carnival along with various exciting things like flashmob and food stalls. The Startup fest was organized with the aim of giving a sense of entrepreneurial world to everyone. The seminars and unfiltered interviews gave a wonderful experience of how one can tackle the challenges of building a startup. Moreover, the two competitions Shark Tank - Seal the Deal and Hedge the Market was a perfect blend to give insights on pitching investors and cracking stock market secrets. The event ended on a high note by a magical band performance for the closing ceremony.

LIFE CHANGING OPPURTUNITIES (16TH FEBRUARY 2023)

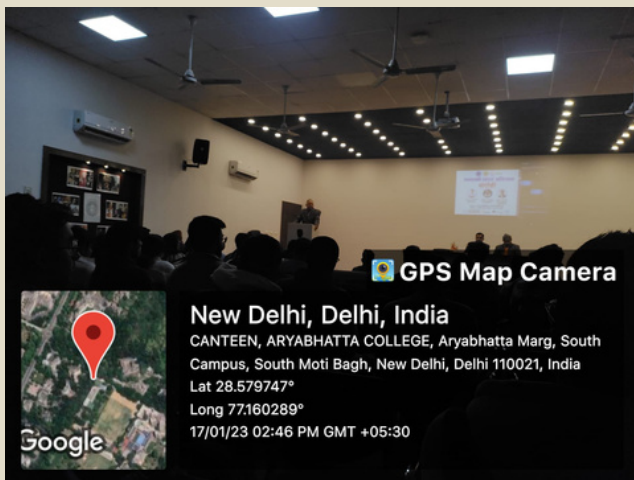

On 16th Jan Swavalamban-The Startup Club organized a webinar on 'Life changing startup opportunities in 2023'. The whole webinar was addressed by Prof. Harjit Singh who is a professor at Symbiosis Centre for Management Studies. Prof. Harjit Singh cleared various doubts that a student has while opting to a startup. He also stated the various opportunities an entrepreneur can have after opting for a startup. The one-hour session turned out to be highly informative for everyone. Then a question-and-answer round was thereat the end of the webinar where many of the students cleared their doubts regarding startups and their cultures.

THE STARTUP DAY (17TH FEBRUARY 2023)

On 17th Jan Swavalamban-The Startup Club in association with Swadeshi Jagran Manch brought a specially curated seminar to commemorate The National Startup Day. The aim of the seminar was to bring together budding entrepreneur minds on one platform and provide entrepreneurial guidance from our esteemed speaker Prof. Ashwani Mahajan who is a National Co-Convener at Swadeshi Jagran Manch.

The students were also given an opportunity to interact with the industry stalwarts. Then there were some of the best creative minds, the bidding entrepreneurs with their unique ideas and awesome pitches who shared their incredible ideas between everyone present there. After this, the event was addressed by Prof. Ashwani Mahajan who shared his wonderful experience regarding the event and also some of his personal experiences. Then at the end there was a question and answer round where various student's doubts were cleared by our guest.

AMUL VISIT (3RD APRIL 2023)

The Startup Club conducted an industrial visit to AMUL Dairy Factory in Manesar, Haryana. The visit included a short film about Amul's history, products, and company evolution. The factory representative provided detailed information on manufacturing capacity, quality checks, raw material sourcing, distribution, processes, and production variety. Students visited Amul's milk and cottage-cheese manufacturing unit, learning about robotics, human-friendly machines, and software. The Faridabad plant processes 85% milk from Gujrat and DELHI-NCR region, arriving in Delhi via special trains and trucks. Students learned about Amul's effective Supply Chain Management techniques, enabling the company to be a top milk producer and distributor globally, using high-tech software for global connectivity.

CAREER DRIVEN BY PASSION

(5TH APRIL 2023)

The startup club at Aryabhata College held a seminar on "Career Driven by Passion" on April 5th, 2023, inviting Jio Institute's Himanshu Sardana to discuss finding a career that aligns with passion and individual interests. Mr. Himanshu Sardana engaged students in an interaction about interests and career opportunities. He introduced Jio Institute, its mission, and vision, emphasizing its interdisciplinary learning and commitment to preparing students for future jobs. He highlighted the institute's diverse range of courses, including Master of Science in Artificial Intelligence and Data Science, as well as sports field courses.

BOOTCAMP (27TH APRIL 2023)

The Swavalamban-The Startup Club at Aryabhata College held its annual Bootcamp'23 event on April 27th, 2023. The event provided valuable insights, networking opportunities, and practical guidance on startups, showcasing success stories and best practices. Co-Founder of Andromeida, Mr. Anuj Batra, delivered an enlightening presentation, showcasing his versatility in leadership. Social entrepreneurship was emphasized, with strategies for sustainable impact and empowering youth. Ms. Samridhi Bhardwaj, an accomplished entrepreneur, author, and yoga instructor, delivered a transformative speaker session, showcasing her entrepreneurial journey, challenges, and strategies. The Seal the Deal Competition was an extraordinary event filled with entrepreneurial fervor, knowledge, and creativity. Participants showcased their business acumen, teamwork, and strategic thinking, with judges providing valuable feedback. Five teams qualified for the final round, with cash prizes worth Rs 2000 and additional gifts. The winners are celebrated and eagerly anticipate future endeavors in the entrepreneurial landscape.
