

# ARYABHATTA COLLEGE

## DEPARTMENT OF BUSINESS ECONOMICS

**Report by - Simran**

**Coordinator: Dr. Tripti**

### **Webinar: “Circular Economy: A new sustainability paradigm”**

The Seminar Committee of the Department of Business Economics, Aryabhata College conducted a Webinar on the topic “Circular Economy: A new sustainability paradigm” on 19<sup>th</sup> Jan, 2022 at 3:30 pm.

The speaker for the webinar was Dr. Karishma Chaudhary, Assistant Professor at Symbiosis School Of Management..

The session was initiated by our honourable Principal Prof. Manoj Sinha who welcomed our guest and appreciated the organizing team for their efforts.

The session was very insightful and included everything one need to know about circular economy and Sustainable Development. She prepared a Quiz to know hoe much the students are aware about their surroundings and what are the steps one is taking to make earth a better place on an individual level. she also talked about her initiative Ecohats to bring in youth to join the battle against Climate change, offering internships and volunteer works for the same.

The session was interesting as the students were very enthusiastic about the topic and were able to gain some practical knowledge from the speaker's experience. It was an interactive session wherein both the students and teachers asked questions about what a need to do to practise sustainable development and to prevent things which are harmful for the same.

It was indeed an engaging session and helped one understand the how environment is important and need to be protected once again.
