**Speaker Name and Designation-:** HE Mr Federico Salas  
(Mexican Ambassador to India)

**Funding Status-:** No Funds Involved

### **Summary Of The Event-:**

The launch of the Second Edition of the Finance and Investment Cell, Aryabhata College's annual magazine, Absolute Advantage, was held on the 28th of July, 2022. The event was graced by the presence of His Excellency, the Ambassador of Mexico to India, Mr Federico Salas.

Last year, after extensive discussions and deliberations about the nomenclature, we introduced a periodical which stands true to its name by providing you with an absolute advantage in your quest to become a well-rounded individual. The magazine's mission is to serve as a one-stop destination to read and publish a heterogeneous mixture of thoughts, opinions and ideas about

subjects ranging far and wide. Hence, it covers a wide variety of interdisciplinary topics including but not limited to Indian and International finance and policy, FinTech, abstract concepts and hypotheses, the future of Finance, Sustainable Finance, Geopolitics, Business, Economics, and year-end reviews.

The event commenced with a lamp lighting ceremony by our Chief guest and the faculty members present at the launch. Dr Pritika Dua and Prof J.K. Singh welcomed the Chief Guest. It was followed by the Principal, Prof. Manoj Sinha, giving a token of gratitude as a mark of our appreciation to the Chief Guest.

The president of the cell, Piyush Pandey, then took to the podium and shared his heartfelt gratitude to the Principal Sir, the Convenor and the Coordinator for their constant guidance and support, which was instrumental in publishing the second edition of the magazine.

The Co-editors in chief, Manya and Parth, then took to the stage and shared some personal anecdotes from while making the magazine. They reiterated the fact that finance can be something as basic as managing your pocket money and that financial literacy is important for every individual even if they are interested in finance or not. Next came Manav, the design and technology head of the society, who shared insights on how the magazine was designed and what all new one might encounter in this edition. He congratulated all the team members for their efforts on the magazine which made it such a success.

Then came the much-awaited launch of the 2nd edition. His Excellency Mr Federico Salas along with our Principal sir, Prof. Manoj Sinha, and Convenor, Prof JK Singh, unwrapped the magazine, thus launching it officially. The second edition of the magazine has become a benchmark of the great heights that FIC Aryabhata has scaled in this session. But all of this would not have been possible without the wise guidance of our mentors, helping us realise our true potential.

The society Coordinator, Dr Pritika Dua, then took to the podium and enlightened us with her words of wisdom. She highlighted the wide range of topics that the magazine touched on and congratulated the whole team on this achievement. Our Convener, Prof. JK Singh, then came and shared his experience with the first edition of Absolute Advantage in 2021 and how glad he was to see the students bringing up fresh topics and commentaries on diverse subjects. He motivated us to continue the legacy, and bring forth more such ventures.

Even our respected Principal Sir Prof. Manoj Sinha took cognizance of the second edition which he said looked quite invigorating just at the first glance itself. He remembered how surprised he was last year to see the sheer quality of the articles in the inaugural edition. He remembered how he had put up a challenge to Team FIC a year ago, to overcome the heights achieved by the first edition and exceed them. The Principal Sir was also delighted to notice the article on 'The Bond Between India & Mexico', encompassing the various ties and similarities between the two nations.

The penultimate note for the event was given by His Excellency Mr Federico Salas. He was pleased to see the Magazine and especially the Indo-Mexican account in the magazine and talked about the beautifully represented relations between the two nations. He went on to share about the historical ties between the two nations, going way back to 1950, just a few years after Indian independence. He expressed how with the creativity and ideas of the youth they'll be able to continue all this not only forging great economic relations but also political relations. Concluding, he ended by congratulating the team for the great work on the magazine and said he is looking forward to reading it, and remarked how the youth can bring the two nations closer than ever!

The Final Remarks for the afternoon were given by Tanya, the Vice President of the Finance and Investment Cell. She thanked everyone present there for the launch and hoped for continued enthusiasm amongst the team for similar future ventures. The ambassador was also presented with a token of appreciation by the Principal Prof Manoj Sinha. It was truly a proud moment for the Finance and Investment Cell, Aryabhata College when the Foreign Ministry of Mexico tweeted about the whole event from their official Twitter handle.
