

SEBI visit of BBE students for Financial Education Program

Securities and Exchange Board of India has come a long way in protecting investors right. But its ambit isn't just limited to that, it also works to include youths in the mainstream investment process by awaring and guiding them along. With the same aim, SEBI Northern Region organised Financial Education Program for the students of Business Economics department of Aryabhata College. Excitement was easily noticeable as the students reached SEBI regional office near Connaught place, Central Delhi. A total of 64 students attended the program that took place in two slots. Miss Shruti Vats accompanied the visiting students on both the days i.e. 22nd and 25th March. The sessions were around two hours in length and covered not just stock market basics but also valuable tips on investing. The most interesting part of the sessions were the Q&A round. It served really well in adding to the must have investment knowledge.

Overall, the program was greatly informative. Officials there were really very generous and nice in gesture. Students were also awarded with the certificate of participation. Visitors were also learnt discussing they would love to be part of such events in future.
