Student Coordinator: Vamani Gupta

Report by: Niket Kumar

Venue: Aryabhata College

A Freshers welcome cum Orientation program was organised on 2nd November 2022 by the Department of Business Economics, for the new batch of students who have joined our department. The objective of the program was to familiarize the freshers with the department's policies, rules, regulations, and initiatives.

The orientation program started at 10:00 am and lasted for 2 hours. The program was conducted in the **Room N10, Taregana Block** and was attended by **54 freshers**.

The program began with a welcome address by **Mr Harish Dhawan**, who introduced the department faculty members to the students and shared the department journey. He also highlighted the various opportunities available to the students, such as Peer Support System, internships, research projects etc.

The President of the Department gave a detailed overview of the various services and facilities available to the students. Further, they were explained about the activities and initiatives of various clubs and societies that the students could join. Student mentors from third year class explained them about the various opportunities available to them both within the college and the department.

The program concluded with an interactive session, where the freshers had the opportunity to ask questions and clarify all doubts they had regarding the institution or the program. The faculty and the student mentors from second and third year extended a warm welcome to the newly admitted batch of 2022-2023.

The orientation program was a huge success, and the freshers left with a better understanding of the department's policies, rules, regulations,

and facilities. The program was informative and engaging, and the freshers were able to interact with the faculty, which helped them to get a holistic view of the college and department.
