Aryabhata College, formerly Ram Lal Anand College (Evening), organised its first ever college level Alumni Meet, Homecoming '26 to celebrate 50 Years of Students Graduating, on 14th March 2026, Saturday from 4:00 pm onwards, in the college campus. An evening dedicated to commemorate five decades of our proud graduates, a celebration of 50 years of excellence with fun, food, friends, and nostalgia. We were joined by former Principal Dr. S.C. Sharma and several other superannuated colleagues from the Teaching and Non-Teaching cadre.

The program began by welcoming the Alumni and other guests with a warm Indian Classical performance by Virtuoso, the music society of the college, followed by western music. Another awe-striking musical performance was given by Mr Navneet Kumar, Assistant Professor, Economics department. Prof. Manoj Sinha, Principal, Aryabhata College, welcomed the Alumni and the guests and shared his vision for the college. An interim Alumni Committee was formed on the day for looking into future course of action along with formalisation of the team. This was followed by games and interactive activities planned for the alumni to relive their college days.

The alumni reconnected with their batchmates, mentors and re-ignited the spirit of college days. Large number of our alumni registered and participated in the event to celebrate the legacy, laughter and lifelong bonds that began within the college walls. The event witnessed a tour down the memory lane, cherishing the forever bonds, developed between the college and our alumni.

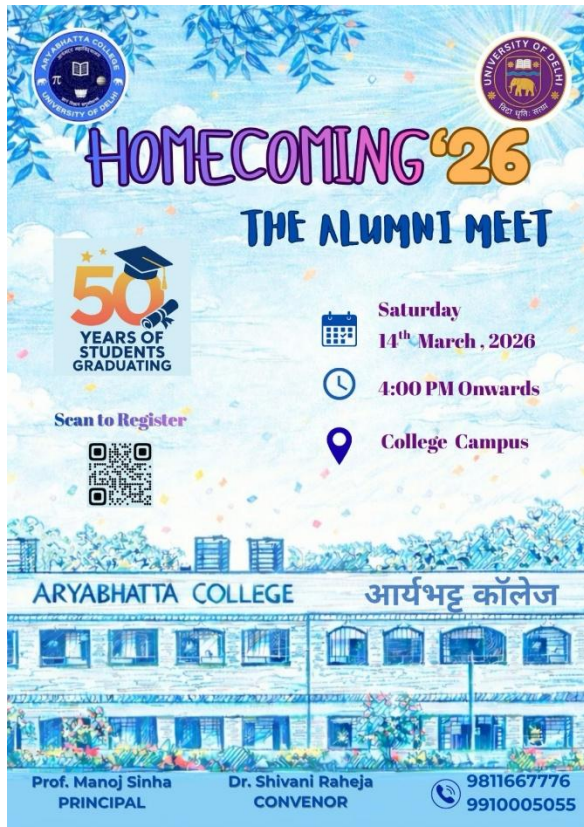

The ambient music, classic décor, cool breeze and musical performances by few of our Alumni, set the right tone towards the culmination of the event. The Alumni Committee congratulated the alumni for their achievements and handed over a memento to them, a small token reminding that they will always be remembered in our hearts.
