

RESUME BUILDING WORKSHOP

Parth Mahindru,Sankalp

22nd January ,2023

The Department of Management Studies in collaboration with Vanijya – The Commerce Society conducted a Resume Building Workshop last Wednesday i.e on 18th January 2023 at the Seminar Hall, Aryabhata College. And the speaker of the seminar was Dr. Shivani Khurana, Professor (OB/HR) at IILM, with more than 25 years of academic experience. And her education qualifications were just at the top of the world. She did B. (Hons), M.A., M.Phil in Psychology (Gold Medalist), M.Ed, and Ph.D. in Organizational Behaviour. It was a much-needed seminar and the amount of contentment one could see on the faces of all the attendees was the fruit of the hard work of all the volunteers of Sankalp, who tried their level best the success of that event.

The event started when Dr. Shivani raised the question, "What is the basic distinction between a resume and a CV?". Some of the attendees did try to answer but couldn't comprehend any significant difference. Then step by step she unfolded her wisdom to the young buds, who are going to step into the competitive corporate world in a couple of years. It was no less than a peaceful journey of enhancing our knowledge about how we can hold a better corporate identity by just keeping simple tips and tricks on our fingers. She had all the resources with her and even made us critically analyze different sample resumes so that we can go through them at our level and pace of understanding. At last, a memento was presented to Dr. Shivani Khurana as an appreciation for her auspicious presence at Aryabhata College by Sarthak Singh (President - Sankalp).

As the workshop was approaching its end, there was a sense of accomplishment among all the students present there. The thing that caught everyone's eye was, even though the stipulated time that was provided was crossed, Dr. Shivani made no compromise to what she was there for and continued the same with utmost dedication. It was one the most fruitful workshop for all the freshers and the knowledge that was gained from there is going to stay perpetually.
