B.A. (Hons.) Political Science

This program aims to expose the students to the manner in which the questions of politics have been posed that have implications for more critical questions of thought and existence in society and is being solved. By introducing the philosophers from different traditions, students can answer a few fundamental political questions: Why do we live in political communities? What is the 'best' form of government? How human nature influences political decision-making? How and in what circumstances do we need to resist bad rulers? By the end of the course, students are able to understand the idea of modernity and establish a connection between societal changes posed through modernity and its prescribed political suggestions.

B.Com. (Hons.)

B.Com. (Hons.) program of the University of Delhi is designed to enable and empower students to acquire knowledge, skills and abilities to analyse and synthesize the contemporary realities pertaining to the business. This course provides for maintaining and sustaining existing businesses in the face of the winds of change and competition and a desperately needed perspective of sustainable growth. This program aims to instill conceptual understanding to equip students to deal with today's business realities and prepare them to drive and face the challenge of tomorrow. It also exposes the students to the world of technology and digitization in the relevant field as envisaged by scholars and policymakers. As mandated by the Government of India, this course is designed to help cultivate an entrepreneurial mindset and skills.

B.Com

Commerce is visualised as a link between society and business. The nature and purpose of interaction between both have undergone tremendous change with time. Information technology has re-modelled the shape and design of the business, engendering the metamorphosis of its very nature and the matrix of societal functioning. Recognising the implications of this change, the B.Com. Program aims at building in students an understanding of the functioning and premise of the business world. To achieve this, the program offers an opportunity for students to know different aspects of organizational functioning, financial systems, understanding of the economy, laws governing business, strategies adopted by businesses to reach society, etc. The program also provides the students an opportunity to explore, experiment and equip themselves to serve society not as employment seekers but as an entrepreneur and job creators.

Bachelor of Management Studies (BMS)

Bachelor of Management Studies or BMS is an undergraduate program for management studies. The course allows students to obtain the knowledge and skills needed to assume management positions in a wide range of organizations. The management Studies program provides students with a solid foundation in the field of management and strategy designing. The electives allow students to develop deeper knowledge in specific areas of interest – finance, marketing, human resource management and management of the global business. In addition to the business management course, it will equip students to understand how organizations work, how they are managed and sensitize students towards national and international environments. Students centered learning focuses on skills and practices that enable lifelong learning and independent problem-solving.
