# Principal's Message

Dear Students,

It gives me immense pleasure to welcome you to Aryabhata College, University of Delhi—a dynamic institution committed not just to academic excellence, but also to nurturing character, fostering critical thinking, and preparing future-ready individuals to thrive in an ever-changing world. As we embark on a new academic session, we do so with renewed hope, fresh aspirations, and the promise of meaningful growth.

I consider it a privilege to share with you that our College has been awarded A+ grade by the NAAC (National Assessment and Accreditation Council), thereby reflecting the vision and the values that define our college and shape the educational journey we offer to every student who becomes a part of our academic family. Guided by the motto “*Knowing, Comprehending and Awakening*”, the College strives towards fuller attainment of knowledge through a spirit of enquiry and experimentation. Our goal is not only to nurture students but also to develop responsibly aware citizens, ethical leaders, and compassionate human beings who are prepared to contribute meaningfully to society.

Our commitment to academic excellence and holistic development can be well-explained by the fact that as a part of University of Delhi, we have been the front pioneers for the implementation of NEP 2020, by strategically introducing various Skill Enhancement Courses and Value Addition Courses across all courses. We are also proud to be the only college in University of Delhi and in Delhi NCR to be recognized by Ministry of Education, Government of India to be the center for Indian Knowledge System to promote IKS among students. Furthermore, several societies and cells, complemented with a host of extracurricular activities that include field trips, seminars, and workshops among other things, provide students with meaningful opportunities for experiential learning and community engagement. Our classrooms, laboratories, libraries, and co-curricular platforms are all designed to promote inclusivity and values of mutual respect that inspire creativity, collaboration, and confidence amongst students.

I am also delighted to share that our new seven-storey college building is in the final stages of completion. The upcoming batch is blessed to begin using this new building from the academic session 2025-26. Further, to maintain high standards of teaching and learning, our college has engaged an exceptionally talented and qualified group of 93 permanent faculty members that continually evolves pedagogical methods to ensure that our students are not just well-informed, but also capable of critical thinking, effective communication, and independent inquiry. Aryabhatta College, today, attracts the brilliant young minds from all over the country. We encourage innovation, entrepreneurship, and research at every level, fostering a spirit of curiosity and lifelong learning among our students.

Despite all the challenges pertaining to 4th year of NEP, our college is confidently prepared to move into the new academic session. Our vision is clear—to be a center of excellence that not only imparts knowledge but also creates knowledge. I invite you to envision yourself as a part of this dynamic institution—growing, evolving, and making a difference. I am confident that Aryabhatta College will motivate you to persevere and engage in a rigorous academic and extra-curricular activities. I am equally hopeful that in your noble pursuit of academics and career, you will make the best use of the diverse opportunities made available by the College. We will strive and work with you to give this great country of ours with a good citizen as it moves towards its own recognition as a developed nation by 2047.

# About the College

Established in the academic year 2014-15, Aryabhata College is an established institution of higher education with NAAC A+ grade.

It is a co-educational institution maintained by the University since 1973 and is fully funded by UGC grant-in-aid. Having re-established in the academic year 2014-15 as a separate institution, Aryabhata College is a relatively new entity. The coming into being of Aryabhata may thus be taken as the natural development of its forerunner's progression towards growing importance and institutional independence within the South Campus and University contexts.

The College has symbolized its aspirational reach in the educational and knowledge acquisition spheres by its very choice of name: derived from the great Indian mathematician Aryabhata who made transformative contributions in the fields of Mathematics and Astronomy. Ignited by the legacy of such an exemplar, the college has sought to realize the values enshrined in its motto (knowing, comprehending and awakening) at the level of educational ideal and pedagogic practice. Beginning from a mere 8 undergraduate courses, the college has in the short period of its existence expanded to an impressive 15 UG courses, taught by 90 full-time teachers catering to around 2300 students.

In keeping with its commitment of imparting higher education, Aryabhata College serves as a South Study Centre for the SOL and NCWEB. It contributes to the annual data collection for the All-India Survey on Higher Education (AISHE) under the auspices of MHRD, GOI. Aryabhata College's qualified and skilled teaching faculty apply themselves to the multifold functions of imparting academic knowledge and accentuating students' mental, physical, spiritual and emotional strength. Our students' profiles reflect diversity and richness of a multicultural ecosystem. The college provides multiple opportunities for participation in various cocurricular activities through different societies and cells, thereby honing and harnessing students' potential to the fullest.

Our students have performed outstandingly in the domains of sports, social service, culture, ecological wellness and environmental sustainability. The college has thus emerged as a dynamic institution for all-round student development by exploiting, improving and strengthening the capabilities congruent with different dimensions of future growth objectives.
