Principal's Message

Dear Students and Parents

I warmly extend my greetings to both our new batch of students and their parents, who have entrusted us with the crucial years of their lives. The outset of a college is much more than the beginning of a new academic session—it is the beginning of self-exploration, meaningful relationships, and endless possibilities. Guided by our motto, "ज्ञानं विज्ञानं समुद्बोधनम्" (Knowing, Comprehending, and Awakening), Aryabhatta College envisions education as a process of empowering young learners to think

independently, question fearlessly, and contribute responsibly to society, thereby striving to create an ecosystem that encourages curiosity, innovation, and lifelong learning.

Our continuously expanding campus infrastructure, including the construction of a new seven-storey building, equipped with modern classrooms, library, collaborative spaces, and student-centric facilities, reflects on our commitment to create spaces that inspire learning, collaboration, and innovation. Further, the development of new high-tech computer labs equipped with modern software provides our students with enhanced opportunities for experiential learning, research, and skill development. We are also proud to be the only college in the University of Delhi and the Delhi NCR region to be recognized by the Ministry of Education, Government of India, as a center for the Indian Knowledge System, promoting IKS among students. By successfully completing the first fourth-year batch of the University of Delhi with over 150 students and by offering a wide range of papers, including General Electives, Skill Enhancement Courses, and Value-Added Courses, the college has quickly established itself as a frontrunner of NEP 2020. As a proud NAAC A+ accredited institution of the University of Delhi, Aryabhatta College remains committed to academic excellence, holistic development, and the values of inclusivity, integrity,

and mutual respect. Our dedicated faculty members, who remain deeply committed to mentoring students, inspiring intellectual curiosity, and nurturing confidence, along with dynamic student societies and a rich co-curricular ecosystem, create an environment where ideas flourish, creativity is celebrated, and every student is encouraged to explore their best and unique potential. To our learners, I encourage you to seize every opportunity, embrace diverse ideas, and build friendships and experiences that last.

Let us begin a journey of learning, discovery, and excellence together. Welcome to Aryabhatta College. I look forward to guide you through this rewarding academic experience and see you grow.

With best wishes.

Prof. Manoj Sinha

Principal

About the college

Established in the academic year 2014-15, Aryabhata College is an established institution of higher education with NAAC A+ grade.

It is a co-educational institution maintained by the University since 1973 and is fully funded by UGC grant-in-aid. Having re-established in the academic year 2014-15 as a separate institution, Aryabhata College is a relatively new entity. The coming into being of Aryabhata may thus be taken as the natural development of its forerunner's progression towards growing importance and institutional independence within the South Campus and University contexts.

The College has symbolized its aspirational reach in the educational and knowledge acquisition spheres by its very choice of name: derived from the great Indian mathematician Aryabhata who made transformative contributions in the fields of Mathematics and Astronomy. Ignited by the legacy of such an exemplar, the college has sought to realize the values enshrined in its motto (knowing, comprehending and awakening) at the level of educational ideal and pedagogic practice. Beginning from a mere 8 undergraduate courses, the college has in the short period of its existence expanded to an impressive 15 UG courses, taught by 90 full-time teachers catering to around 2300 students.

In keeping with its commitment of imparting higher education, Aryabhata College serves as a South Study Centre for the NCWEB. It contributes to the annual data collection for the All India Survey on Higher Education (AISHE) under the auspices of MHRD, GOI. Aryabhata College's qualified and skilled teaching faculty apply themselves to the multifold functions of imparting academic knowledge and accentuating students' mental, physical, spiritual and emotional strength. Our students' profiles reflect diversity and richness of a multicultural ecosystem. The college provides multiple opportunities for participation in various cocurricular activities through different societies and cells, thereby honing and harnessing students' potential to the fullest.

Our students have performed outstandingly in the domains of sports, social service, culture, ecological wellness and environmental sustainability. The college has thus emerged as a dynamic institution for all-round student development by exploiting, improving and strengthening the capabilities congruent with different dimensions of future growth objectives.

As per the Notification No. Acad.-I/NEP/UGCF/2025/194 dated 01.05.2025,

The University of Delhi has implemented the National Education Policy (NEP 2020) at the Undergraduate level through the Undergraduate Programmes as per the Undergraduate Curriculum Framework 2022 (UGCF 2022) with effect from the Academic Session 2022-2023.

UGCF 2022 envisages that the Undergraduate programmes under NEP 2020 will be of 4 years duration with an inbuilt feature of multiple entry and multiple exit.

All the students enrolled under the UGCF 2022 shall be progressing to Semester VII in 4th Year of the respective Academic programmes being pursued by them with effect from the Academic Session 2025-2026.

In this connection, it is highlighted that the progression of a student enrolled under UGCF 2022 from Semester VI to Semester VII is universal, subject to the promotion rules as applicable from time to time, and not restrictive in any manner whatsoever.

Further, in notification No. Acad.I/2025-26/R-4604, dated 03.07.2025, University of Delhi has laid out the procedure for students opting exit after third year

Students enrolled in the 4-year Under-graduate Curriculum Framework 2022 based on the National Education Policy (NEP) 2020 and have successfully completed 6 semesters (3 years) are eligible to submit their intent to exit the program with a 3-year degree for multi-core discipline programmes and Honours degree for single core discipline programmes, as applicable.

Students interested in availing the above option can login to the University's Student portal at <https://slc.uod.ac.in> and submit their intent through the designated online process. The University encourages eligible students to carefully evaluate their academic and career goals before making this decision and recommends consulting with their teachers and mentors to ensure informed decision-making. This initiative aligns with the NEP 2020's emphasis on providing multiple entry and exit points in higher education, offering students enhanced autonomy over their educational pathways.

Cluster College

Delhi University cluster colleges was established to provide flexibility to students to choose the courses according to their interests and future prospects, wherein, the colleges of the university in the cluster will share their resources, to the extent possible, with other colleges, located in its vicinity, so as to provide more choices to students and overcome the resource constraints and limitations at the end of each college.

Colleges of the university have been grouped under five different cluster colleges depending upon their geographical locations and each cluster colleges will operate as Knowledge Networks.

The college highlighted within a cluster, has been identified as the nodal or hub college, which will act as the nodal point for coordination with the university as well as the colleges within the said cluster for smooth implementation of the NEP. The coordinators of the nodal college and co-hub college will coordinate with the nodal faculties in the cluster or knowledge network to constitute three working groups, Skill Enhancement Courses Working Group, Value Addition Courses Working Group and Ability Enhancement Courses Working Group.

Sri Venkateshwara College is the Cluster hub for south campus colleges while Deshbandhu College is the Co-Hub.
