ABOUT THE COLLEGE

Established in the academic year 2014-15, Aryabhatta College is an established institution of higher education with NAAC A+ grade (CGPA Score of 3.38)

It is a co-educational institution maintained by the University since 1973 and is fully funded by UGC grants-inaid. Having re-established in the academic year 2014-15 as a separate institution, Aryabhatta College is a relatively new entity. The coming into being of Aryabhatta may thus be taken as the natural development of its forerunner's progression towards growing importance and institutional independence within the South Campus and University contexts. The College has symbolized its aspirational reach in the educational and knowledge acquisition spheres by its very choice of name: derived from the great Indian mathematician Aryabhatta who made transformative contributions in the fields of Mathematics and Astronomy. Ignited by the legacy of such an exemplar, the college has sought to realize the values enshrined in its motto (knowing, comprehending and awakening) at the level of educational ideal and pedagogic practice. Beginning from a mere 8 undergraduate courses, the college has in the short period of its existence expanded to an impressive 15 UG courses, taught by 91 full-time teachers catering to around 2300 students.

In keeping with its commitment of imparting higher education, Aryabhatta College serves as a South Study Centre for the SOL and NCWEB. It also functions as a centre for IGNOU and contributes to the annual data collection for the All-India Survey on Higher Education (AISHE) under the auspices of MHRD, GOI. Aryabhatta College's qualified and skilled teaching faculty apply themselves to the multifold functions of imparting academic knowledge and accentuating students' mental, physical, spiritual and emotional strength. Our students' profiles reflect diversity and richness of a multicultural ecosystem. The college provides multiple opportunities for participation in various co-curricular activities through different societies and cells, thereby honing and harnessing students' potential to the fullest.

Our students have performed outstandingly in the domains of sports, social service, culture, ecological wellness and environmental sustainability. The college has thus emerged as a dynamic institution for all-round student development by exploiting, improving and strengthening the capabilities congruent with different dimensions of future growth objectives.

1.Entry level eligibility: The general feeder category for entry into Level 5 is the Secondary School Leaving Certificate obtained after successfully completing Grade 12. A programme of study leading to entry into the first year of the Bachelor's degree is open to those students who have met the entrance requirements, including specified levels of attainment at the secondary level of education mentioned in the programme admission regulations. Admission to the Bachelor degree programme of study is based on the evaluation of documentary evidence (including the academic record) of the applicant's ability to undertake and complete a Bachelor's degree programme which is specified in the UGC Guidelines for Multiple Entry and Exit Scheme in Academic Programmes Offered in Higher Education.

2. Number of hours of a credit course shall be defined by its component of lecture, tutorial and practical.

3. Every student has to study "Environmental Science and Sustainable Development" courses I and II of two credits each in the first year (I/II semester) and the second year (III/IV semester), respectively. The AEC pool will also consist of credit courses in languages listed in the Eighth Schedule of the Constitution of India, as updated from time to time. The University of Delhi shall extend necessary support to those Colleges (where faculty is not available) which may require it in course of teaching learning in these languages.

4. Design of degrees: Students shall be able to design their own degrees according to their mission and aspiration for a future befitting to their ability and attainment, rather than following the conventional pathway.

(Honours) Physics and such other Programmes] will earn at least 80 credits in that discipline (from 18 DSCs and at least 2 DSEs of that discipline) and shall be awarded Honours degree in that discipline, if he/she exits after completion of VI semester.

6. A student who pursues three years undergraduate degree programme in more than one discipline as core courses of study (for example B.A. in Social Sciences/ Humanities, B.Sc. in Life Sciences, B.Sc. in Physical Sciences, B.Sc. in Mathematical Sciences, Bachelor in Commerce Studies and such other programmes) he/she shall be awarded Bachelor's degree in that field of multidisciplinary course of study, if he/she exits after completion of VI semester.

7. If a student wishes to pursue four years Honours Degree with research, he/she shall compulsorily opt for a Research Methodology course in either VI Semester or VII Semester as GE.
