

External Academic Audit Report for the period 2021-22 and 2022-23

Department of Computer Science

The faculty members of the Department , present during the course of presentation, interacted with the external experts subsequent to completion of power point presentation of their Department.

The external experts based on the presentation and other related records as well as interaction with the faculty members made following suggestion(s)/observation(s).

1. The Department is following the practice of issuing internal assessment and teaching plans from the beginning of the session.
2. The number of students enrolled in the courses offered by the Department relative to the number of faculty members working in the Department needs to be aligned in accordance with UGC/ University norms.
3. The Department shall strengthen practice of maintaining proper record of students progressing to Higher Education / Internship/ Placement.
4. The faculty members of the Department shall enhance their publication work by ensuring publication of atleast two research paper in UGC Care listed/Scopus indexed journals.
5. The Department shall host seminars/guest lectures in the emerging areas of technology such as Artificial Intelligence.
6. Faculty members of the Department can plan sessions for students of all discipline to apprise them with the emerging areas in Information technology.
7. Internships for students shall be planned in various IT companies/ Start ups.
8. Department shall maintain record of feedback from students regarding the workshops/events hosted by it so as to improvise in future as per the expectations of the students.
