

# Report on “Angdaan Mahotsav”

Organ Donation Day is a significant observance dedicated to raising awareness about the importance of organ donation and encouraging individuals to pledge their organs for transplantation after death. This day serves as a platform to educate the public about the life-saving potential of organ donation and its impact on individuals suffering from organ failure.

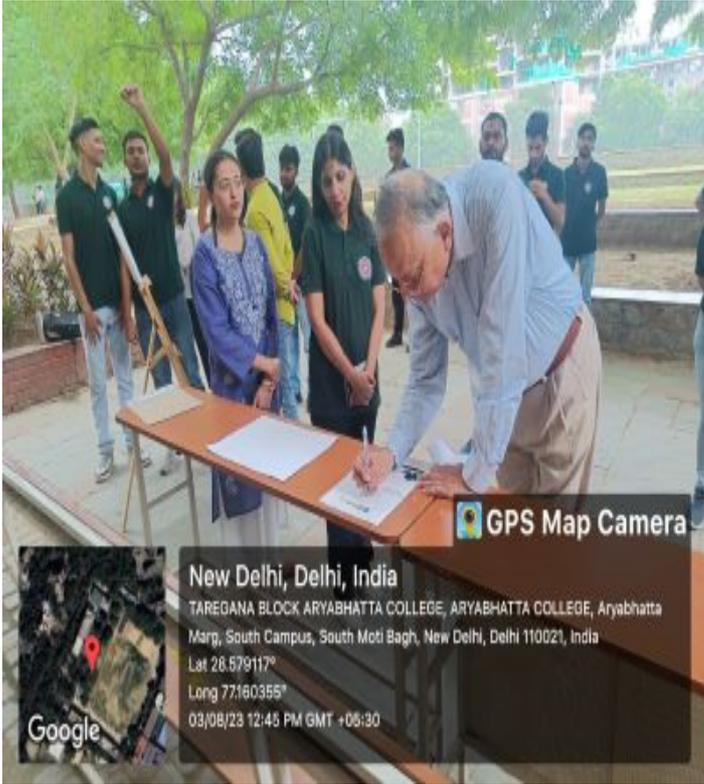

On the occasion of National Organ Donation Day by the National Organ and Tissue Transplant Organisation (NOTTO), NSS Aryabhata Unit, organized the “Angdaan Mahotsav” campaign, on August 3, 2023, in the college premises. A stall was set up by the NSS volunteers to spread awareness among the student fraternity. Prof. Manoj Sinha, Principal of the college, interacted with the NSS team. In his address, he talked about the importance of including more and more people in this noble cause. He appreciated the efforts of the NSS team to spread awareness. He also took a pledge with the NSS team for organ and tissue donation.

The NSS unit also organised an Awareness Camp within the campus premises. The camp aimed to promote awareness and educate the students about Organ

Donation Day, fostering a sense of responsibility and importance of organ donation among the students and the teaching as well as the non-teaching staff of the college. 98 people in total signed the pledge, with 18 volunteers, 50 students, and 30 teaching and non-teaching staff. The event witnessed enthusiastic participation from the students, NSS members and all the other attendees.

# LIST OF PARTICIPANTS:

NSS ARYABHATTA UNIT			3 <sup>rd</sup> August '23
organises			
ANGADAAN			MAHOTSAV
