

Road Safety Campaign for School Children

On **13th August, 2024**, the National Service Scheme (NSS) Unit of Aryabhata College organized a comprehensive Road Safety Campaign at two schools: Sarvodaya Kanya Vidyalaya, Moti Bagh1 and Government Boys Senior Secondary School. This campaign was designed with the mission of creating a safer future by educating young minds on the essentials of road safety, ensuring they understand the importance of being cautious and responsible. The campaign was spearheaded by **11 dedicated volunteers** who delivered a well-prepared presentation that covered essential road safety topics. There were two groups who proceeded to teach the pupils at each of the above

schools. And it was not just about teaching rules; it was about fostering a sense of responsibility and awareness that these children will carry with them as they grow. The students actively participated throughout the program and pledged to adopt safer practices. Overall, this campaign left a profound impact on the students of both the schools and it was a tremendous success, achieving its goal of educating and empowering students to make safer choices.
