No of Participants: 65+

Summary Of The Event-:

As the saying goes, "You learn more from the experiences of others than from what you toil," and Team Sankalp embodied this idea through the successful execution of the Alumni Roundtable held on 15th March 2024 at 1:30 pm. The event featured five distinguished alumni from Aryabhata College's BMS department, who are excelling in their respective professional fields: **Mohit Rohilla**, **Navya Walia**, **Aina Nandwani**, **Shubh Khatri**, and **Akash Bansal**.

The session commenced with an inspiring speech from **Sankalp's Project Head**, without whose dedicated efforts and vision this Alumni Roundtable would not have been possible. It was an invaluable opportunity for students to gain real-world insights and guidance from alumni who have excelled in their careers, bridging the gap between academic learning and practical corporate experience.

Team Sankalp extends its heartfelt thanks to the alumni for accepting the invitation and sharing their experiences and perspectives. We also express our deep gratitude to our **Convenor, Mr. Pardeep Singh**, and other faculty members for their unwavering support and guidance, which were instrumental in the success of the event. Additionally, the efforts and dedication of **Team Sankalp** played a vital role in ensuring the smooth execution of the session.

The primary goal of the event was to address common career-related questions that students often face, such as Which career paths hold the most promise?, What skills are essential to thrive in the corporate world? and many similar one's. The speakers addressed these questions with candid insights drawn from their own experiences.

Navya Walia, who is currently responsible for Growth Marketing at **Airtel**, shared her journey as a member of the first BMS batch at Aryabhata College. She provided an in-depth look at the dynamic and rapidly growing field of marketing, debunking common myths and highlighting the vast career growth opportunities within the sector.

Aina Nandwani, currently associated with **Deloitte** in the Mergers & Acquisitions and Finance division, offered insights into building a successful career in finance after BMS. She outlined key areas to focus on and the essential knowledge and skills needed to excel in this competitive field.

Akash Bansal, who is pursuing his **PGDM at FORE School of Management**, addressed the pressing question many undergraduates face: whether to pursue higher studies or jump directly into the workforce. His experience navigating this decision offered valuable perspective, and he also fondly recalled his memories from college.

Mohit Rohilla, who has previously worked at **Bain & Company** and is now with **LEK Capability Network**, shared his thoughts on careers beyond marketing and consulting, offering students a broader view of the professional landscape. A poet at heart, Mohit also reminisced about his college days and shared his reflections on personal and career growth.

Shubh Khatri, an alumnus of **IIM Sirmaur** and currently working with **ICICI Bank's Markets Group**, emphasized the importance of participating in competitions and how such experiences cultivate problem-solving abilities. He and Mohit also had the opportunity to judge events at the college, enriching the alumni meet further.

The event served as the beginning of a new tradition, and Team Sankalp looks forward to organising similar sessions on a larger scale in the future. This roundtable was not just a one-time event but the initiation of a long-term commitment to building a strong and enduring relationship between the BMS department and its alumni network.

Team Sankalp is excited to continue this journey of connecting students with alumni, fostering a cycle of mentorship, guidance, and growth for the benefit of all.
