

PERFORMANCE AT SHRI RAAM COLLEGE OF COMMERCE

Date: 11.10.2023

Organised By: Atman: Mind, Body & Soul Club, Shri Raam College of Commerce

Convener: Dr. Astha Ahuja

Report By: Anwesha Gogoi

On October 11, 2023, Laasya: Indian Dance Wing of Dance Society of Aryabhata College participated in a spiritual session conducted by the Mind, Body and Soul Club, Atman of Shri Raam College of Commerce. The session was made enchanting by the presence of HG Mohan Rupa Prabhu, President of ISKCON Temple Delhi. With the guidance of our respected convener, Dr. Astha Ahuja, the member of Laasya – Preethika Praveen showcased her talent in the college. The event showcased a diverse range of talents from various colleges, and Laasya was honoured to represent Aryabhata College in the cultural segment. She was accompanied by Anwesha Gogoi and Sanskriti Goswami, members of Laasya.

Preethika Praveen, 2nd year BA (Hons) Business Economics student, presented a traditional Bharatanatyam dance, performing Pushpanjali that encapsulated the rich heritage and beauty of this art form. The performance was well-received by the audience and was met with appreciative applause. Laasya is grateful for the training and support received from our college's Dance Society and faculty members, which enabled to perform with confidence and grace.

Apart from the performance, we had the chance to interact with students from other colleges who share a passion for dance. This allowed us to gain insights into different dance styles, teaching methods, and the broader dance community. It was a valuable experience in terms of networking and learning from fellow performers.

We would like to extend our heartfelt gratitude to Atman and Shri Raam College of Commerce for hosting such an incredible session. It provided a platform for students to showcase their talents and foster cross-cultural exchanges. Additionally, we want to express our thanks to our college for the support and encouragement we have received in preparing for the event. Without your guidance and mentorship, we would not have been able to represent our college with confidence and pride.
